

A superb blue-water athlete

Cosmopolitan and sophisticated, Sea Toy was commissioned by an experienced French yachtsman with a penchant for performance. Long ocean passages slip by in comfort and style, with state-of-the-art sailing systems raising efficiency and lowering effort.

The fully-battened mainsail furls into the boom, while both headsails set on hydraulic furlers. The working jib is self-tacking, which makes sailing even in confined waters a one-person operation. Warwick Yacht Design have poured years of experience into maximising performance from this yacht.

A thoroughly modern approach to underwater shapes and appendages combines with classic lines to ensure superior sailing characteristics and a timeless appeal. Superb detailing as in the gleaming timber caprails and polished dorades underline the quality of the workmanship. At rest in a favourite anchorage, the touch of a button opens the transom and lowers the swim platform.

Guests take their ease in the spacious cockpit, or below in the beautifully appointed teak and leather interior. Sleeping accommodation is provided for six in three separate en suite staterooms, with a crew berth forward if required.

The modern galley, with its four-burner gas cooker, microwave, extensive refrigeration and trash compactor, is a chef's delight. On board entertainment systems cater for every taste, while digital satellite communication systems keep the yacht in touch from the remotest corners of the earth.

Aboard this yacht fine lines combine with detailed craftsmanship to create a contemporary masterpiece.

A world citizen in every sense, Sea Toy will grace each port of call with a confident elegance.

Warwick 65 RF

Principal Characteristics

LOA	19.912m	65ft 4in
LWL	16.100m	52ft 10in
Beam	5.161m	16ft 11in
Draft	2.800m	9ft 02in
Displ	32,513kg	32 tonnes
Ballast	10,160kg	10 tonnes
SA/Displ ^{2/3}	18.4	
Sail area	184.07 sq m	1,969 sq ft
Engine	Yanmar Turbo diesel 140hp	
Genset	Northern Lights 16 KW	
Bowthruster	Maxpower retractible 20hp
