

### *Powerful performer that brings distant destinations within easy reach*

The Warwick 60DN performance sloop is an exciting new cruiser/racer with a three-cabin layout finished in light native timbers with oiled teak floors. Built in composites to a superb standard by Yachting Developments, New Zealand, Intrigue combines elegance with powerful performance. The owner's aft cabin has generous storage and side settee with ensuite facilities. A double guest cabin is located forward, served by an ensuite shower and toilet, which also doubles as a day head. Folding pipe cots are provided in the foc'sle for additional crew.

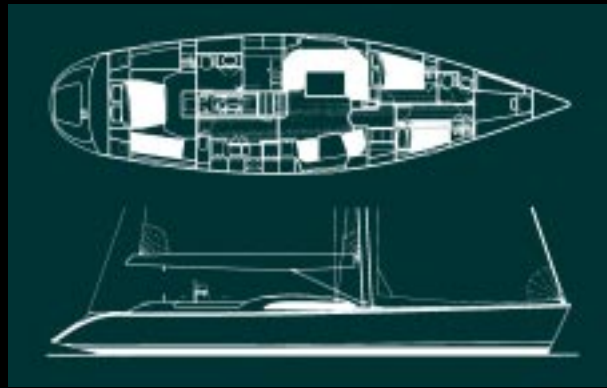

Eye-level portholes in the main saloon generate an expansive feel to the main dining and navigation station.

The soft flowing cabin and side coamings enclose a large centre cockpit and the flush foredeck allows the self-tacking headsail track to be taken to the side rails to facilitate efficient reaching.

Excellent performance comes from the modern underwater shapes and appendages and from the carbon-fibre Southern Spars rig. The sail plan includes a removable furler on the headstay for long-distance cruising and an in-boom furling mainsail. The swept-back spreaders allow for a 112% overlapping headsail with dual tracks.

The large aft deck, which has sun canopies, can be used for entertaining and dining and the indented transom has a stern ladder for boarding and bathing.

#### Intrigue Principal Dimensions

LOA	18.31m	60ft 00in
